SO WE ARE JUST ABOUT INTO THE 6TH MONTH OF 2011!!!

You know what that means to westerners perhaps more Calgary....

The CALGARY STAMPEDE is just about here, and all Westerners get the Benefit of the NEWS BELOW:

- **CANSEW INC. HAS LOWERED, YES LOWERED the Pricing on Madeira BOTH RAYON and POLYESTER**
- **CANSEW INC. has continued the SALE ON Bachmann Embroidery Needles they are a fantastic deal**

On a personal Note CANSEW'S GREENLIFE Cleaning products have gotten the attention of my wife... Yes I forced her to try the laundry detergent for our front load machine, she not only liked but told her friends, and they have started buying it too. It does not have too strong of a scent, you get lots and lots of loads of wash out of a 4 litter jug (almost 300 at only 15ml per load). For more information, [click here](#).

Oh did I mention the whole point of this whole line of products is that they are environmentally friendly? Stay tuned as I force the rest of the product mix on my family.....
